

# Dinobergue Viana de Sousa

## Software Engineer

**Location:** Magalhães, MA, Brazil | **Phone:** +55 86 99805 5574 | **Email** | [dinobergue.dev@gmail.com](mailto:dinobergue.dev@gmail.com) **LinkedIn:** [linkedin.com/in/dinobergue-viana-de-sousa](https://www.linkedin.com/in/dinobergue-viana-de-sousa)

### SUMMARY

I'm a developer with over five years of experience in software development, primarily focused on building user interfaces but also working with backend solutions, giving me a full-stack perspective of the software development lifecycle. I strive to deliver valuable user-centered solutions, lead technical discussions, conduct impact analysis, and contribute through code reviews. I'm committed to providing constructive feedback, fostering team growth, and ensuring alignment between technical delivery and business goals.

### SKILLS

**Proficient:** Vue, Javascript, Typescript, NodeJS, Jest, task runners, Kanban, Agile.

**Intermediate:** React, Vitest, Docker, Git, CI/CD, Postgres, MySQL, SQL.

**Beginner:** Ruby on Rails.

### PROFESSIONAL EXPERIENCE

#### Fullstack Software Engineer

Big Data, Brazil – Remote

07/2025 - 10/2025

##### Core Responsibilities:

- Implemented responsive design to ensure usability across different devices.
- Readjusted the main application layout to fit the proposed design system.

**Key Technologies and Tools:** React, Next, CI/CD, Jest, Typescript, NodeJS, Vitest, Git, (Agile, Kanban Flow, Jira, Github).

#### Software Engineer

Enjoei, Brazil – Remote

05/2024 to 05/2025

##### Core Responsibilities:

- I developed and maintained modern and scalable user interfaces.
- I created, implemented, and monitored metrics to analyze user performance and behavior.
- I found, reported, and fixed layout bugs in legacy applications and high-traffic flows.

**Key Technologies and Tools:** Ruby on Rails, Vue, Vuex, Jest, Typescript, NodeJS, Vitest, Git, (Agile, Kanban Flow, Github, Shape Up, Basecamp, Miro).

#### Frontend Developer

Educacross, Brazil – Remote

09/2022 to 04/2024

##### Core Responsibilities:

- Developed and maintained functionalities in web applications.
- Created user interfaces based on Figma prototypes and specifications provided by the design team.
- Collaborated closely with the development team on code reviews and technical alignments.

- Proactively found and fixed bugs in image loading and modal opening, helping users continue their tasks.

**Key Technologies and Tools:** Vue, Vuex, Axios, Node, Javascript, Vuexy, (Agile, Kanban Flow, Jira).

### Software Engineer

Warren, Brazil – Remote

01/2022 to 08/2022

#### Core Responsibilities:

- Developed and maintained features in web applications.
- Also have been part of the mentoring team for new developers who were being trained at Warren's programming school.

**Key Technologies and Tools:** Vue, NodeJS, Typescript, Jest, Vue Test Utils (Agile, Kanban Flow, Jira, Github, Trello).

### Full Stack Software Engineer

BoxTI, Brazil – Remote

03/2021 to 12/2021

#### Core Responsibilities:

- Developed and maintained functionalities in web applications after a series of mentorships focused on legacy applications.
- Collaborated in the onboarding of new developers, helping with machine configuration and familiarization with communication tools.

**Key Technologies and Tools:** PHP, MySQL, PostgreSQL, React, VueJS, Javascript, Github, Bitbucket.

## EDUCATION

### Bachelor of Software Analysis and Development

Uni Dom Bosco University, Curitiba, PR, Brazil

08/2023 to 08/2025

- **Focus:** Systems analysis, software architecture, and full-stack development.
- **Bachelor Thesis:** As part of my final graduation project, I proposed a social impact initiative: the creation of a programming course for young people, teenagers, and adults, aiming to promote digital inclusion and expand opportunities in the tech industry.

## CERTIFICATES/COURSES

**Vue 2**, Alura, Brazil

01/2022

**Typescript**, Alura, Brazil

02/2022

**Full Stack Development**, Digital House, Brazil

06/2020

## LANGUAGES

**Portuguese:** Native.

**English:** Intermediate.
